Vermont Newspaper Editor Learns that Free Speech Comes with a Price

When a person who is paid to edit the written words of others fails to edit his own words, his job may be in jeopardy.

10 Skills You'll Need to Thrive in 2020 (Infographic)

Much like how the ancestors learned how to grow food after spending many years hunting animals to eat, the dawn of a new industrial age is motivating the world to learn the new skills of the future to thrive.

Learning Decay: A Challenge for Training in the Workplace

According to a Bridge study about knowledge retention from training, 70% of employee respondents admitted to forgetting something they had been taught during a training within 24 hours of learning it.[1] And because so many organizations invest so much time and money developing their training programs, this number is quite alarming.
